

TRANSPORTATION WEEKLY SPEAKER SERIES

THURSDAYS AT 11 AM MASON BDG, RM 1133

Mark your calendars for a weekly speaker series each Thursday at 11am throughout the academic year on the Georgia Tech campus. The purpose of this speaker series is to foster discourse and information exchange between academics, students, and transportation professionals, both on the local and national levels. Topics will include research at Georgia Tech, local transportation issues, and broader topics of interest to the transportation community.

Zan Frackelton:
*"Pedestrian Project
Prioritization
Incorporating App-
Collected Sidewalk
Data"*

Greg Macfarlane:
*"Learned preferences for
vehicle ownership: how
past experience may affect
current transportation
behavior"*

Tom Wall: *"A risk-
based assessment tool
to prioritize roadway
culvert assets for
climate change
adaptation planning"*

Sarah Windmiller:
*"Alternatives
to Smartphone
Applications for Real-
Time Information
and Technology
Usage among Transit
Riders"*

James Wong:
*"Testing the
opportunities for
transit performance
measurement using
Google Transit data"*

October 31, 2013 Graduating Student Showcase
